

REPORT AND OPINION OF THE STATUTORY SUPERVISOR

(Free translation from a report originally issued in Portuguese language. In case of doubt the Portuguese version will always prevail)

To the Partners,

In compliance with the law and the mandate entrusted to us, we present the report of our supervisory action and our opinion on the management report, financial statements and proposal for the results application presented by the Board of Directors of **Associação BIOPOLIS**, relating to the year ended December 31, 2021.

Report

In the performance of the duties assigned to us, we regularly monitor the Organization's activity, through the analysis of its accounts and the accounting principles and valuation criteria underlying it, and also through the contacts established with the Board of Directors and the Services, which have always provided us with all the elements and clarifications requested, which we would like to register and appreciate.

As a result of the work carried out, it is our belief that the Board of Directors' report, the financial statements, and the respective appendix are sufficiently clear about the Organization's situation and satisfy the legal and statutory requirements.

Opinion

Considering the analyzes and the work carried out, and taking into consideration the content of the Statutory Auditor's Report, which we issue, we are of the opinion that the General Assembly of **Associação BIOPOLIS**:

- a) approve the report of the Board of Directors and the accounts for the year ended December 31, 2021;
- b) approve the proposal for results application contained in the report of the Board of Directors.

Lisboa, 16th may 2022
